Headquarters:

One Centerpointe Drive
Suite 200
Lake Oswego, OR 97035

The Greenbrier Companies is a leading supplier of transportation equipment and services to the railroad industry.

We build new freight railcars in our 12 manufacturing facilities in the U.S., Mexico, Brazil, Poland, Romania and Turkey as well as marine barges at our Portland, OR manufacturing facility.

Greenbrier has thousands of railcars in its lease fleet and performs management services for hundreds of thousands of railcars owned by third parties.

Greenbrier also sells reconditioned wheel sets and provides wheel services throughout the U.S. We recondition, manufacture and sell railcar parts at four U.S. sites and operate an independent railcar repair shop network at strategic locations across the U.S.

Greenbrier also manages GBSummit, a 50/50 joint venture with Sumitomo Corporation of Americas, where it provides finished axles.
